Connect with Careforward on LinkedIn and HELP save Michigan's Auto No-Fault System!

Because so much of what we ALL do centers on the care and well being of those striving to recover from catastrophic auto accidents, we don't often get the chance to regularly network with other professionals in the rehabilitation and healthcare fields for the purpose of strengthening and growing our respective businesses. This is especially critical **NOW**, as the future of virtually **ALL of our businesses have the potential to be adversely affected by proposed Senate Bills 293 and 294!**

So, aside from inviting you to connect with us professionally on LinkedIn, we strongly encourage **EVERYONE** who has an auto insurance policy here in Michigan to make yourselves heard, and REMIND our State Senators and Representatives to **REPRESENT US** and our best interests by **VOTING NO** on SB 293 and SB 294!

For more information on how SB 293 and SB 294 will **TAKE AWAY** or **LIMIT** the **benefits** that have and continue to provide millions of accident victims the best possible opportunities for recovery without bankrupting their families and shifting the burden to state welfare programs, please take a moment to visit **CPAN's** website (<http://www.cpan.us>) and follow their tips on contacting your State Senators and Representatives.

Together we **CAN** save Michigan's Auto No-Fault System, and prevent the insurance companies from shifting THEIR costs onto the backs of taxpayers!

Thank You, and we look forward to working with everyone in an effort to help strengthen and grow our businesses!
